L 230cm D 38cm H 43cm / L 90½" D 15" H 17"

Walnut / Oak

The Radii benches are an addition to the Radii dining table collection, intended as bench seating to match the tables. Together they create the most essential and simple of dining settings, although they are equally appropriate for use in a hallway, waiting room, gallery, bedroom, or even as coffee tables.

The benches feature the same signature detail as the tables; a thin bevelled edge that cleverly flows through radius cuts to blend with the graceful legs. This sculptural detail gives visual lightness to the top while emphasizing the mass and durability of the bench. The beauty and substantial feel of the thick solid wood material further add to the sense of luxury the benches simplicity impart.

The Radii benches are made from the same 1½" thick solid Walnut material as the Radii tables and feature the same

beautiful grain selection and color tones.

The benches come assembled, having been carefully glued along mitered end joints which are reinforced with concealed steel pins. Lengthwise bars inset in the underside of the top ensure the seat remains perfectly flat over time.

Available in solid White Oak and American Walnut.

Made in Italy
