Leg - Chrome / Bronzato / Black Nickel

The Neo collection fuses innovative methods of furniture construction with design simplicity, resulting in an enduring sofa with timeless appeal.

The Neo's durability and comfort come from its construction techniques that use exact tolerances. Each sofa is handmade by one of our craftsmen at our factory using premium materials that are carefully sourced from around the world. The removable fabric cover allows for cleaning or replacement.

Neo is available as an armchair, two-seat sofa, three-seat sofa and ottoman.

The Neo frame is constructed with a durable steel-reinforced laminated wood frame and has a steel spring suspension system adapted from the automotive industry,

which provides maximum support and comfort while occupying minimal space.

The imported European seat and back cushions have been carefully selected for durability, firmness and comfort. Seat cushions are made of CFC-free polyurethane, softened by a continuous Dacron® wrap. Back cushions are baffled for even distribution and to prevent shifting of feathers and batting, thereby providing better lumbar support.

Covers come in a wide selection of specially sourced fabrics and leathers. The fabric covers are removable for cleaning or replacement. The leather covers are upholstered on.
