Wood Top - Walnut / White Oak / Black Oak
Drawers - Walnut / White Oak / Black Oak
Legs - Chrome / Gunmetal

The popular Homework desk is now available with a Wood Top available in Walnut, Oak, Ebony, and a new finish: Black Oak. The wood top accompanies the veneered drawer cabinets of the same finish for an all-wood version of the desk.

The top itself is made with premium veneers and solid wood edging on an MDF substrate, and expertly painted with European clear matte lacquer.

The all-wood desk is equally attractive from all sides and ideal for the home or small office where a desk will be on view. Single, double, or file drawers are available, and can be configured to one-side or double-side desks according to individual needs. An innovative construction method allows the drawers to 'float' below the top giving visual lightness to the design while giving rigidity to the construction. The drawers include integrated cable management compartments large enough to neatly organize multiple cables and accessories.
